

# STEPS TO APPLYING

## STEP 1:

Submit your resume and application online.

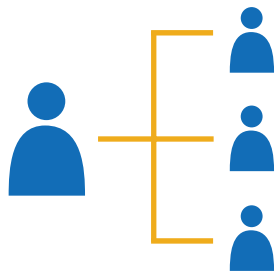

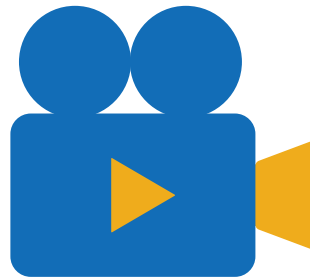

## STEP 2:

Wait to hear from us. We carefully screen each application to find perfect matches for our schools. We'll reach out to invite you to record a video interview.

## STEP 3:

Record and submit a video interview. The interview can be taken at your own leisure and takes about 20 minutes.

## STEP 4:

We'll do the rest! Upon successfully completing the interview, candidates join the New Visions talent pool and become accessible to principals in our network of 75+ schools. When interested, principals will extend interview invitations.

For candidates with successful interviews, we will check references and offer a conditional letter of employment, pending background check and teacher certification verification.
