Introduction

New Visions Charter High School for Advanced Math and Science III, 84K738 AMS III takes every precaution to ensure the safety of its students and staff. AMS III considers emergencies and violent incidents very serious occurrences and treats these events expeditiously. The AMS III School Safety Plan is designed to address the needs of its students, the school, the campus and its urban location and is aligned to the safety procedures outlined in the Frank J Macchiarola Campus Safety Plan

Our goals in creating and implementing our AMS III School Safety Plan are:

- to create a safe atmosphere and complementary set of practices that prevent violence or unsafe conditions,
- to create/implement a plan that will minimize the effects of serious violent incidents and emergencies,
● to have the capacity to implement an effective response plan for all predictable safety concern situations, and
● to produce a document that can be used as a basis for informing and training all school constituencies in regard to keeping our school safe.

Building Information

AMS III is located at 3000 Avenue X, Brooklyn, NY 11235. AMS III shares space with:

● New Visions Charter High School for Humanities III (84K739),
● Origins High School (22K611),
● Professional Pathways (22K630),

AMS III uses the building’s classrooms on the 3rd floor, 2nd floor, the cafeterias on the first floor, and the gymnasium on the first floor. AMS III also shares the use of outdoor athletic fields on the campus.

SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

Purpose

The AMS III School Safety Plan was developed pursuant to Education Law §2801-a and 8 NYCRR §155.17. As charter schools are also school districts (LEAs) in and of themselves, the AMS III District-wide Safety Plan and the Building-level Emergency Response Plan is one in the same document (all required elements for both plans are included in this single document).

The Charter School Safety Plan addresses a broad range of major emergencies. The objectives of the plan are to:

● Protect the safety and welfare of students, employees and staff;
● Provide for a safe and coordinated response to emergencies;
● Protect the School’s facilities and properties; and
● Enable the School to restore normal conditions with minimal confusion in the shortest time possible.

Identification of AMS III School Safety Team

The AMS III School Safety Team, charged with developing and ensuring the effective implementation of the AMS III School Safety (SAVE) Plan is:

● Nissi Jonathan, Principal
● Jonathan Silkowitz, Assistant Principal
● Carol Franco, Assistant Principal
● Margaret Miranda, Assistant Principal
● Shanell George, Assistant Principal
● Alaa Barakat, School Counselor
● Bryan Lewis, School Counselor
● Skyler Cruz, School Counselor
● Dominique Gauvard, School Counselor
● Shavar Clarke, Dean Coordinator
Concept of Operations

DDSO, or designee, should adhere to the following protocol in the event of protective action:

- Take control once informed of emergency situation;
- Gather information and make appropriate decisions;
- Order evacuation if necessary;
- Contact appropriate law enforcement authorities as necessary;
- Turn control of emergency situations over to law enforcement as required;
- Test the emergency response procedures on an annual basis; and,
- Meet with local government officials to seek advice and assistance in the analysis of effectiveness and revision process of the AMS III Safety Plan from year to year.

In the event an emergency occurs at AMS III, the DDSO will gather the AMS III School Safety Team to formulate an appropriate plan of action following the procedures outlined in this document for confronting and rectifying specific emergency situations. The DDSO is recognized as the person-in-charge.

The AMS III School Safety Team will gather information, and coordinate the response effort and communicate with students, staff and community. Staff members who are not members of the Chain of Command and/or the School Safety Team will supervise students. As necessary, the AMS III Board of Trustees and/or local emergency officials will also be notified.

The DDSO may declare a school emergency and implement a plan of action to address an emergency situation. In the event of an AMS III school specific incident, the AMS III Main Office, Room 210 will become the Command Center and the Chain of Command shall report directly to the Command Center. The DDSO shall remain in charge until local law enforcement of emergency response personnel are on the scene and take command of the situation.

If a crime has been committed, the AMS III DDSO is responsible for crime scene security until relieved by law enforcement officials. No items shall be moved, cleaned or altered without prior approval from the appropriate law enforcement agency. However, said security should in no way preclude the rescue and aid of injured persons.

Depending on the magnitude of the emergency, existing borough, city and state resources may be called upon for assistance using existing protocols.

All communication is to be coordinated with the DDSO at (646) 808-6590.

After relinquishing command, the DDSO, or designee, may be asked to serve in a support role as part of a Unified Incident Command, if established, by the local emergency response agency.
Plan Development, Review and Public Comment

The AMS III Principal appoints a Building-level School Safety Team and charges it with the development of the AMS III School Safety Plan, following District-wide Safety Plan guidelines distributed by NYSED, and in consultation with existing schools with high quality School Safety Plans. The plan is developed through a series of meetings attended by representatives of our various constituencies: Administration, Faculty, Operations Staff, Teachers, Students, and Parents. The AMS III School Safety Team ensures the implementation and proper execution of the Charter School Safety Plan.

The Final Plan must be formally adopted by the Board of Trustees. Pursuant to Commissioner’s Regulation, Section 155.17(e)(3), Final School Safety Plans will be made available for public comment at least 30 days prior to its adoption. The plan may be adopted by the Board of Trustees only after at least one public hearing that provides for the participation of school personnel, parents, students, and any other interested parties. To ensure student safety, the plan will be considered ‘in effect’ until such time as a full public review can be conducted and the Final Plan approved by the Board. The Board of Trustees must submit complete copies of the AMS III School Safety Plan and any amendments to the NYSED within thirty (30) days of their adoption. A copy of the AMS III School Safety Plan and any amendments thereto must also be filed with the appropriate local law enforcement agency and state police within thirty (30) days of its adoption.

The AMS III School Safety Plan should be reviewed periodically with staff and students throughout the year and must be maintained current by the AMS III School Safety Team. The AMS III School Safety Plan is an iterative, living document that will be reviewed, modified and formally updated to comply with current best practices in school safety annually. The required annual review must be completed on or before July 1 of each year after its adoption by the Board of Trustees.

SECTION II: RISK REDUCTION/PREVENTION AND INTERVENTION

Prevention/Intervention Strategies

All students are encouraged to approach any staff whenever they are concerned about their safety, especially if it involves violence or an emergency situation.

School Safety Personnel

The Principal, DDSO and other staff members are a constant presence in AMS III hallways and stairwells.

It is the duty of the School Safety Agent Level III and School Safety Agent(s) to work in conjunction with the administrations of all schools on the Frank J Maccharola Campus. The agents are required to report any untoward incidents to the School Safety Division Operations Center (718) 730-8800/8846/8847.
In emergencies, the School Safety Agent Level III has the authority to alter assignments as the needs of the building change. In the absence of the School Safety Agent Level III, the second-in-command, i.e. the assigned School Safety Agent will assume this responsibility.

All agents have the following duties and responsibilities:

- To remain at their assigned posts until relieved by authorized personnel or instructed by a SSA Level III and/or school administrator to respond to an immediate security situation;
- To report untoward incidents to the SSA Level III;
- To escort all intruders to the SSA Level III and/or appropriate school administrator;
- To conduct themselves in a professional and courteous manner at all times;
- To call or radio appropriate reports in a timely manner;
- To prohibit students from remaining at their posts for extended conversations;
- To refer all students and/or intruders picked up for infractions will be referred to the proper school’s administration; and
- To call for backup and/or assistance when necessary.

The campus has a CCTV/Video Surveillance System in place which has 96 cameras installed which are in good working order. There are 5 video monitors installed throughout the campus which are also all in good working order. The areas under surveillance are Building Exterior/Grounds, the Cafeteria, Building Entrances/Exits and hallways; note, however, there are no cameras on the third floor – the primary location of AMS III classrooms. NYPD (SSA) staff is responsible for overseeing the daily operation of the surveillance system.

Visitor Control Procedures

The front door of the school is located at 3000 Avenue X, Brooklyn NY 11235. Upon entering the school building, all visitors must proceed directly to the security agent’s desk. The visitor must present valid identification and sign the Visitor Log. The security agent will then call AMS III’s Main Office (Room 210) to obtain permission for the visitor to go directly to the 3rd Floor. All school visitors are required to wear a school name tag/pass while in the school.

If a visitor fails to provide proper identification or refuses to sign in, the security agent must call the AMS III Main Office for explicit permission to allow the visitor access; they may deny entry. In the event that a visitor is observed on the wrong floor or without a Visitor Pass, the visitor must be addressed and may be escorted out of the building.

Training, Drills and Exercises

The School conducts the mandated safety (fire and intruder alert) drills within the first two months of school, concluding drills by October 31. AMS III schedules the dates and times of drills with co-located schools; these drills are conducted in coordination with local emergency response and preparedness officials. Each drill is followed by a meeting of the AMS III School Safety Team to assess necessary improvements and/or alterations.
AMS III believes that it is critical for staff and faculty to be able to detect potentially violent behaviors early; consequently, teachers and staff receive professional development training to aid in the identification of any behavior or emotional issues students may face. Regularly scheduled meetings with teachers provide ample room for staff discussion of any issues as they arise.

The Principal and AP’s work collaboratively with AMS III parents to maintain a violence-free community.

In conjunction with the inception of the AMS III School Safety Plan, AMS III DDSO, with the assistance of the Custodial Engineer, School Safety Agent and local emergency officials, identifies sites of potential emergency situations annually; they work to identify both internal and external hazards that may warrant protective actions, such as maintenance, warnings, removal, evacuation planning, etc.

Note: 10 AMS III school staff members are trained in CPR and the use of the Automated External Defibrillator (AED).

AED devices are located at the following locations throughout the building:

Additional

Every AMS III staff member is fingerprinted following their hiring. In addition, every staff member must authorize and participate in a formal background check.

AMS III reviews details of the AMS III School Safety Plans with all faculty and staff prior to school opening each year, ensuring all members of the community are clear on their roles and responsibilities as well as the logistics of the plan.

Plans are produced to ensure safe egress from the building Evacuation aligned with Frank J Macchiarola Campus-wide procedures outlined in the Frank J Macchiarola Campus Safety Plan.

Specific plans for the following (multi-hazard) situations will be developed as well:

- Fires (aligned with Frank J Macchiarola Campus Safety Plan)
- Intruders In Building (aligned with Frank J Macchiarola Campus Safety Plan,
● Bomb scares (aligned with Frank J Macchiarola Campus Safety Plan,
● Hazmat situations (hazardous materials) (aligned with Frank J Macchiarola Campus Safety Plan,
● Building Collapse/Explosion (aligned with Frank J Macchiarola Campus Safety Plan,
● Shootings & Hostage Situations (Frank J Macchiarola Campus

Annually, the School meets with law enforcement officials to review and maintain the AMS III Safety Plan. During the annual meeting with local law enforcement officials, the DDSO will distribute floor plans and evacuation maps. The maps reflect any changes to the interior and exterior of the school building (e.g., change of room numbers, new fire doors, etc.) and surface changes to the surrounding properties and roadways.

AMS III reviews the AED Site Response Plan with all employees as part of the annual review of the AMS III School Safety plan. A complete copy is stored in the Main Office. In addition, New Visions Charter High School for the Advanced Math and Science III conducts regular, unannounced drills to practice AED training.

**Vital Education Agency Information**

An updated School Staff contact list (with cell phone numbers) will be maintained by the DDSO and placed within the School Emergency/Safety Binder. This binder will also contain: a list of all local emergency contact names and numbers (police, fire, hospital, Board Members, local officials), Emergency Contact Information for all school staff, and a sheet with the demographics of the school (number of students, number of staff, organization chart for the school). Next to that binder will be a ‘Student Emergency Contact Binder’ with Emergency Contact sheets for each student.

**SECTION III: RESPONSE**

**Notification and Activation (External and Internal Communication)**

In the event of an emergency, either the Principal or the DDSO will notify local law enforcement officials via 911, including, but not limited to:

NEW YORK CITY FIRE DEPARTMENT (FDNY) ENGINE COMPANY 321  
2165 Gerritsen Avenue, Brooklyn, NY 11229  
(718) 965-8321

NYPD PRECINCT 61  
2575 Coney Island Avenue, Brooklyn, NY 11223  
(718) 627-6611

Any adult in the school building could and should call 911 in the event that a person needs immediate medical attention or his/her condition appears life threatening.

A list of local law enforcement officials and contact information will be maintained in the School “Emergency/Safety’ Binder in the Main Office. The DDO will have a hard copy in their office.
In the event of a disaster or violent act, the Principal or DSO will ensure that all staff are notified personally if immediate communication is required (by walking from classroom to classroom or using the loudspeaker system, if appropriate), or by conducting an emergency staff meeting at the earliest convenient time if the situation does not require immediate communication. The Principal or DSO will also notify the Board of Trustees by phone as soon as all critical details have been handled at the site.

AMS III will notify parents of a violent incident or early dismissal through use of the School Messenger system, email and/or letter home. Parent contact information including a school-wide email group and the School Messenger System will be regularly updated with current family/parent/guardian contact information.

*Note – AMS III Families are instructed in the Family/Student Handbook as to where to find update information and contact numbers for the school in the event of any emergency situation.*

**SITUATIONAL RESPONSES**

**SITUATIONAL RESPONSES:** *Early Dismissal*

During an emergency, students may be dismissed from school early to ensure safe departure from the school building and travel to their homes. The DSO will coordinate the departure of all students, faculty and staff and ensure that all parents are notified. An early dismissal will only be utilized as a response to an emergency if it is confirmed that all students can return home safely.

**SITUATIONAL RESPONSES:** *School Closing*

School is closed or delayed in opening only when severe weather or other emergency prevents the safe opening of the school building. Because AMS III is co-located in a Department of Education building, it will follow the DOE’s school closing policy.

Depending on the severity of the emergency situation, AMS III may be closed for a designated period of time to ensure the learning environment is safe. Parents and students will be notified of school closings via local media outlets. Specific stations are identified in the AMS III Family Handbook.

*Note: All field trips are cancelled if there is a delayed school opening.*

**SITUATIONAL RESPONSES:** *Evacuation Procedures and Evacuation Routes*

In the event of fire, toxic threats, explosions, acts of violence, natural disasters or law enforcement mandate, an evacuation of the school building may be the proper response. Posters designating emergency route for stairwells and exits are posted near the doorway of every classroom and bathroom.

The DSO will notify local emergency response teams and law enforcement officials of the emergency. During the evacuation, the AMS III DSO will communicate, via cellular telephone and/or two-way radio, with school safety agents.
Teachers must carry their class rosters in the event of an evacuation. In addition, teachers must count their students twice, first before leaving the building and then upon reaching the designated safe area. Teachers must notify the DDSO immediately if a student is missing.

No one is permitted to re-enter the school building until the DDSO announces that it is safe to reenter.

**SITUATIONAL RESPONSES: Internal Shelter (On School Premises)**

Under some circumstances, emergency responders conclude that it is safer to have students remain in the school building to have students sheltered in school beyond the normal school hours than to travel home. This process is called "sheltering-in".

The determination that staff and students should remain inside during a disaster is made by local law enforcement / public safety officials. Once that decision has been made, the DDSO provides clear instructions as to where students should go within the school building. Teachers are responsible for their assigned classes and are accountable for all students under their supervision for the time period that the emergency responders determined to be safe.

No staff or faculty member is permitted to leave the site until the emergency is resolved.

**SITUATIONAL RESPONSES: External Shelter (Off School Premises)**

During an emergency situation in which it is safer to have students leave school grounds, students are sheltered at an external site. The DDSO provides clear instructions as to where students should go upon exiting school property. Teachers are responsible for their assigned classes and are accountable for all students under their supervision.

Evacuation locations provide shelter to students and staff and allow for easy communication with Safety Administrators and other external supports. In the event that the DDSO is not available, the Assistant Principal is responsible for all students and staff at the evacuation site.

The primary and secondary evacuation sites are in close proximity to the main school site. In an emergency that affects the school's entire neighborhood or a larger area, the primary and secondary location may be rendered unusable; in such cases, the third, "out of area" location will be used.

**RESPONSE TO ACTS OF VIOLENCE: IMPLIED OR DIRECT THREATS**

The Principal and/or the DDSO should be notified immediately of all implied or direct threats. They will investigate, and assess the credibility and level of threat. If the threat is deemed credible, the DDSO contacts local law enforcement officials and monitor the situation closely until the threat passes or local law enforcement officials take control.

The School will follow the additional steps outlined below:
● Any Injured party is taken care of
● The immediate area of the act will be isolated and/or evacuated
  ● any students in the hallway should immediately be taken to the nearest classroom by school personnel;
  ● all teachers should immediately lock their classroom doors and not issue any passes;

● If necessary
  ● Lockdown procedures will be activated
  ● Early dismissal procedures will be initiated

● The DDSO, in consultation with School Safety Agents, coordinates a building sweep to locate the intruder
● The DDSO calls 911 and provides:
  ● name and telephone number
  ● address of the building
  ● description of the situation and any weapons involved
  ● location of the intruder, if known
  ● entrance for first responders to use, and,
● The DDSO contacts Director of Operations at the New Visions CMO (212) 645-5110

● The DDSO issues an ALL CLEAR message over the PA system.
  ● The ALL CLEAR message is: ALL CLEAR
  ● In the event that the Building PA system is inoperative the DDSO will issue the ALL CLEAR message via Walkie-talkies.

Afterwards, the DDSO obtains written statements from all witnesses ONLY if approval has been given by the NYPD Incident Commander.

RESPONSE TO ACTS OF VIOLENCE: Suspected Child Abuse

According to New York State Law, school officials and licensed or certified staff are mandated reporters of suspected child abuse or maltreatment. Reporting is required if the victim is under the age of 18, and the subject of the report is a parent or other person (18 or older) who is legally responsible for the child’s care. A mandated reporter, together with a designated member of the School Leadership Team (if such person is available) will report such suspicion to the New York Statewide Central Register of Child Abuse and Maltreatment (SCR). The hotline number for making this report is 1-800-342-3720. Within 48 hours of the oral report, the School will file a written report on Form LDSS-2221A which can be obtained at www.ocfs.state.ny.us.
School staff members will also report any allegation of child abuse in the School setting to the Principal of AMS III, or, if the Principal is not available, another member of the School Leadership Team. A written report of the allegation will be provided on a form to be provided by the Principal. Following investigation, the Principal, or designee, will notify the Office of Special Investigations (OSI) of the New York City Department of Education (718) 935-3800 and the Office of the Special Commissioner of Investigation (SCI) for the New York City School System (212) 510-1400.

The Debrief process will include soliciting input from other school constituencies as follows: Principal asks for feedback from faculty and students (as appropriate), DDSO asks for feedback from other school constituencies (staff, security staff, etc.). The results of this Debrief will inform future plan updates.

Response Protocol

Arrangements for Obtaining Emergency Assistance from Local Government

As necessary, the DDSO in consultation with the Principal will request assistance from emergency services organizations and local government agencies. Contact names and numbers will be maintained in the School Emergency/ Safety Plan Binder.
