## I. INTRODUCTION

Dear HUM Family:

I wish to extend a sincere and friendly welcome to each one of you as you enter New Visions Charter High School for the Humanities (NVCHS) as the class of 2021. It is a pleasure to welcome you as members of the school community, and we look forward to working in partnership this school year. We know it is essential that educators, parents, and students work together to create a learning environment that is safe, stimulating, and productive for everyone. Towards that end, it is my hope that you will embrace all the opportunities that NVCHS has to offer this academic school year, and make your high school experience a successful and memorable one.

New HUM Scholars at Humanities are about to embark on a challenging and academically stimulating high school career that will prepare you/your child for College and Career opportunities. As the principal of HUMANITIES (HUM), my goal is to help you/your child meet college and career benchmarks, and begin the path towards acceleration in meeting graduation requirements. We have expanded our course offerings to include Humanities Electives, Chemistry, Biology, Advanced Placement Courses: English Literature, Calculus, World History, US History, Environmental Science; double period content courses that help select students to accelerate, and earn Regents Exam credits before their Junior year of high school. We are providing individual targeted interventions to students in need, and set measurable goals for students to succeed. Students will have a choice of Career and Technical Education majors such as: Recording & Entertainment Technology, Mobile Computing & Engineering, and Visual Design & Animation. Students who complete a CTE course may be eligible to graduate with an industry recognized certification, as well as a Career and Technical Education (CTE) endorsed high school diploma. Lastly we have broadened the choices of Physical Education to address the importance of health and nutrition.

Humanities is honored and excited to be offering college credits through Monroe College. This fall the FIRST cohort of HUM sophomores and juniors will have the opportunity to obtain a minimum of 3 credits with the ultimate goal of graduating high school with not only a high school diploma, but as well as an Associates' Degree from Monroe College. An Associate's' Degree is 60 credits and can cost an upwards of \$15,000 at many local colleges. Your child will be that much closer to that four-year degree or career readiness.

I pride our school for having the most committed, caring and well-trained faculty, that makes students learning a priority. We offer a variety of Leadership/Youth Development programs and extracurricular activities that promote social, personal and academic growth, and a full complement of School Based Support staff to address the needs of adolescents. We pride ourselves in our ongoing communication with HUM families and welcome you to our monthly Town Hall- parent meetings. At NVCHS, we strive to work towards fostering a genuine relationship between parents, students, teachers, which is what makes HUM's climate and culture a positive environment.

*Make your stay at New Visions Charter High School for the Humanities a positive and productive one.*

***As always, my door is always open***

***It's a HUM Life!***

Sincerely,  
Magaly I. Hicks  
Principal

## V. ARRIVAL AND DISMISSAL

All HUM students enter the John F. Kennedy Campus through the 4th floor entrance at 99 Terrace View Avenue Bronx, NY 10463

Upon arriving, students are scanned. It is expected that students arrive between 7:45 - 8:00 am. Breakfast is from 8:00 - 8:20am Homeroom begins at 8:23 and ends at 8:38. If you do not arrive on time for home room you will be marked absent and must report to Main Office, where you will be marked late to school. In addition, arriving late to school will impact your daily instruction in a negative way. First period begins at 8:40 am sharp. We are a scanning school, and students are asked to arrive early enough to complete the scanning process to avoid lines. Students must swipe their ID upon arrival to the school building. Scanning shuts down 20 minutes after the period begins and reopens 2nd. If students arrive after that time, they have to wait at scanning until it reopens. Punctuality is important. We urge our scholars to be on time.

### Student Identification Cards:

All students are given a HUM Student Photo ID card during the Summer Bridge program. Each student must carry/wear his or her ID while on campus and is required to present it to any John F. Kennedy Campus staff member upon request. Students and staff are provided with a different badge to identify their connection with their school. Parents and other guests do not get ID cards; they get a Visitor's badge from the HUM main office in room 376 located on the 3rd floor.

If a student loses their ID card they must sign up for a replacement immediately with Mr. Bones in room 354.

### Scanning:

At HUM we are committed to providing a safe, secure learning environment for all students in our school, therefore students and visitors are asked to go through metal-detecting scanning machines like the kind used to screen airline passengers. These devices identify objects that are never allowed in our building and help us to keep everyone safe in our school.

During the scanning process, bags, backpacks and all metal objects (keys, belts, coins, jewelry, etc.) are put through a scanner. Students/visitors should place all metal objects in their bag/backpack before reaching the scanner to help the line move quickly. Students/visitors who are not properly prepared for scanning or who set

off the alarm must be scanned for a second time, but by a School Safety Agent with a handheld wand to identify the object that set off the alarm. NO STUDENT is allowed to enter the building with an open container, student must drink the contents of the open container or discard it. Students are not allowed to enter building with a glass container. Phones are to be put into students backpack as they go through the scanner. We ask that students/visitors pay attention and follow instructions from all School Safety Agents and be sensitive to other students or guests waiting to be scanned to enter the building.

**Dismissal Procedure:**

The school day ends at 3:52 pm on Mondays, Tuesdays, and Thursdays; Wednesdays and Fridays the school day ends at 2:40pm. At the end of their day, students are dismissed. Any student not participating in an after school club or athletic program is free to go home. Students who do participate in afterschool clubs or athletic programs are to go directly to the assigned room where attendance is taken for those activities.

**VI. ATTENDANCE AND LATENESS**

Our official attendance is taken during homeroom (8:23-8:40AM). Students who arrive after homeroom will be marked absent and must check in with the attendance office in order for their attendance to be reversed.

Absences for illness, either short or long-term, must be explained in writing by either a parent or doctor, to be considered an excused absence. All other absences are unexcused. A parent who knows in advance that there will be an extended absence for their child must contact their child’s School Counselor and the Parent Coordinator. Students with excessive unexcused absences will receive a home visit. An absence for a family emergency will be treated as an excused absence if a letter is submitted by the parent and approved by the school. Students are responsible for all schoolwork missed during an absence. For extended absences, parents should make arrangements with their child’s School Counselor and teachers to pick up assignments. If a student will have an extended absence (for four weeks or more) due to a health condition, parents should discuss with the School Counselor if their child may be eligible for Home Instruction services provided by the New York City Department of Education.

If your child is going to be absent or late, please contact the HUM main office to speak with someone from the attendance team or guidance team. Absent letter or note must be provided to Attendance office in 354 and placed in student's record.

If you would like to speak directly to a specific attendance team member, you can also send an email including your child’s name, your name and the best way to contact you.

## VII. SCHOOL CULTURE

### Parents Supporting the Mission

As our remarkable staff, involved parents and committed students come together, we will make Humanities a wonderful and unique place. We truly believe that communication is the key to a successful educational experience. Together, we will continue to improve the quality of our school community and provide the best for the children of New Visions Charter High School for the HUMANITIES. Education is a partnership between the school, students, parents/guardians, and community. The benefits of parent involvement are clear: A growing body of research shows that successful parent involvement improves not only student behavior and attendance but also positively affects student achievement. All children are more successful when we work as a team to achieve educational goals; we consider our parents our partners in education and we rely on your active collaboration.

## **Dress Code**

It is our goal at HUM to prepare all students for college, career and beyond. To accomplish this, we have put structures in place to support our scholars including the HUM dress code. We believe that such structures enhance student learning and support the core values of our school. As part of our expectation for excellence on behalf of all students, HUM scholars are required to be in uniform while on school grounds, including Physical Education, at all times unless otherwise noted. Failing to be in uniform is a violation of the dress code policy that comprises our school's core values.

To support our scholars, HUM provides each **entering** student with a gift card to help with the cost of the uniform. The vendor used to purchase uniform is:

## VIII. CODE OF CONDUCT

CODE OF CONDUCT AND DISCIPLINE POLICY: PROCEDURES TO ENABLE STUDENTS AND ADULTS AT HUM TO BE SAFE, INCLUSIVE, AND PRODUCTIVE.

HUM believes that sticking to this expectation will help us to achieve the mission of the School and to ensure that there is a sense of respect and security throughout the School community. Nevertheless, HUM has established procedures that are followed when this sense of safety, inclusivity, and productivity is broken. HUM utilizes a Code of Conduct that is based on the New York City Department of Education's **Citywide Behavioral Expectations** and incorporates many of its standards (hereafter "The Code of Conduct.") The Code of Conduct, included in this Handbook prohibits behaviors that are inconsistent with HUM's goal of maintaining a sense of belonging and safety throughout the School. The Code of Conduct explains the kind of supportive interventions a student may receive for specific kinds of behavior, as well as possible disciplinary responses. Behavior that is in violation of the Code may result in an exclusion from social or afterschool activities, from regular classroom instruction (suspension) or, under certain circumstances, permanent removal from school (expulsion).

### **Restorative Approach**

Restorative Practices means that we believe that all the members of our community (staff, students, and families) have the ability to address and prevent harm by talking and working together. We are committed to addressing our challenges in thoughtful and responsive ways by taking responsibility for our actions and developing solutions as a community. We believe all of our students belong here in our community and that each one deserves every opportunity to correct his/her mistakes and to grow from each challenge or conflict.

#### **I. New Visions Charter High Schools Code of Conduct**

The Standards set forth in the Code of Conduct apply to behavior in school during school hours, before and after school, while on school property, while traveling in school activities, at all school-sponsored events and on other than school property when such behavior negatively affects the educational process or endangers the health, safety, or welfare of the School Community. The following conduct is prohibited and can lead to serious consequences. Please note that after reviewing the Code of Conduct and considering other infractions if applicable, the school leader will use his/her discretion to determine the level and appropriate support intervention and possible disciplinary response to the incident.

If the student has an IEP, the Principal will also refer the student to the Committee on Special Education (CSE) for a Manifestation Determination Review (MDR).</li> <li>*** A student may not be expelled without a formal disciplinary hearing. The administrator of the hearing officer will be responsible for the record of the disciplinary hearing by the Superintendent.</li> </ul> <p>Note: certain Category II weapons may have legitimate purposes, such as a box cutter or scissors. Before scheduling a suspension hearing for possession of an article listed as a Category II weapon for which a purpose other than infliction of harm exists, the Principal may consider whether the object is in the student's possession for legitimate reasons. A hearing officer may also consider whether there are mitigating factors when a student is found to have violated the Code of Conduct by possessing such object in the school setting.</p>

Note: NYCIS Code of Conduct – After reviewing the Code of Conduct and considering the student's disciplinary history, including previous violations of the Code of Conduct, the School Leader may, in her or her discretion, consider support interventions and disciplinary responses from the next Level.

<ul style="list-style-type: none"> <li>• Firearm, including pistol, starter gun, and handgun, silencers, electronic dart, shotgun, rifle, machine gun, or any weapon which will or is designed to or may readily be converted to expel a projectile by action of an explosive</li> <li>• Stun gun/weapon</li> <li>• Air gun, spring gun, or other instrument or weapon in which the propelling force is a spring or air, and any weapon in which any loaded or blank cartridge may be used (such as a BB gun or paintball gun)</li> <li>• Switchblade knife, gravity knife, pilum ballistic knife and cane sword (a cane that conceals a knife or sword)</li> <li>• Dagger, stiletto, dirk, razor blade, box cutter, case cutter, utility knife and all other knives</li> <li>• Billy club, blackjack, bludgeon, chuka stick, and metal knuckles</li> <li>• Slingshot (small, heavy weights attached to or propelled by a thong) and slingshot</li> <li>• Martial arts objects including kung fu stars, nunchucks and shirkens</li> <li>• Explosives, including bombs, firecrackers and bombshells</li> </ul>	<ul style="list-style-type: none"> <li>• Acid or dangerous chemicals (such as pepper spray, mace)</li> <li>• *Imitation gun or other imitation weapon</li> <li>• Loaded or blank cartridges and other ammunition</li> <li>• *Any deadly, dangerous, or sharp pointed instruments which can be used or is intended for use as a weapon (such as scissors, nail file, broken glass, chains, wire).</li> </ul>
<p>* Before requesting a suspension for possession of an article listed in Category II for which a purpose other than infliction of physical harm exists, e.g., a nail file, the principal must consider whether there are mitigating factors present. In addition, the principal must consider whether an imitation gun is realistic looking by considering factors such as its color, size, shape, appearance and weight.</p>	

### What Happens When a Student Breaks a Rule in the Code of Conduct?

When the Code of Conduct is violated, those most directly affected by the incident can expect to have a restorative conversation that is aimed at achieving a resolution that will repair the harm done, as well as repair the relationships of those involved. When a student breaks a rule or behaves in a way that disturbs the educational process or endangers others, the Principal will decide the level of violation and the appropriate support or intervention and possible disciplinary response to the incident. **In some cases, the Principal will make a referral to the Discipline Review Board for review.**

### Discipline Review Board

The Discipline Review Board is made up of teachers, students, and a member of the school counseling department; it focuses on addressing incidents that have impacted the school community. Over the course of the school year, the Discipline Review Board meets to make recommendations for interventions to repair harm and restore relationships. These interventions may consist of restorative conferences, referrals to counseling or evaluation, community service, or exclusion from school events or extracurricular activities.

In addition, the Discipline Review Board meets to discuss ways to recognize students and staff who have contributed positively to the school community by promoting a safe, inclusive, and productive environment.

## **Disciplinary Responses**

If the conduct of a student significantly disrupts the academic process or creates risks for the student or others, the Principal may initiate procedures for other kinds of disciplinary responses, including the following:

- Detention
- Exclusion from class or school events
- Behavior Contracts/Disciplinary Oversight
- An In-School Suspension
- An Out-of-School Suspension
- In rare instances, long-term suspension (or expulsion).

Procedures as described below will be followed:

### **Detention**

Scholars may be assigned to Detention at lunch, after school, or on a Saturday as a consequence of violating the Code of Conduct, or for lateness or uniform violations. Students will be advised of the reason for the Detention and given an opportunity to respond or explain. Parents/guardians will be notified in the event that their scholar receives a detention. Calls and emails will be sent to the numbers provided to us; Parents are asked to remember to maintain current phone numbers and email addresses with the School.

### **Exclusion from Social/Extracurricular Activities**

A student may be excluded from social or extracurricular activities for academic or behavioral reasons. A student who is suspended or otherwise disciplined for violating the Code of Conduct within 15 days of a field trip or social activity may not be permitted to participate in the trip or activity.

### **Behavior Contract/Disciplinary Oversight**

In some instances, the school may decide that a Behavior Contract is necessary in order to encourage changes in a student's behavior. For the duration of this Behavior Contract, the student is considered to be on disciplinary oversight, during which time the student's behavior is monitored and evaluated. The disciplinary oversight period is a positive effort to help recognize the student's ability to grow, to seek help when necessary, and to make better choices.

### **Short-term Suspensions (10 days or Less): In School or Out-of-School**

Our students are assured Due Process protections before any removal from school or from classes for disciplinary reasons. Before suspending a student, the Principal will arrange for a preliminary investigation of reported misconduct and will notify the student of the allegations and provide the student with an opportunity to respond. The principal will also notify parents/guardians in writing and arrange, upon request, an immediate informal conference at which time parents will have an opportunity to ask questions and present relevant, additional information. If the student's presence in school presents a continuing danger to persons or property or an ongoing threat of disruption to the academic process, the suspension will be out of school and will be

effective immediately. Under some circumstances the suspension will be served within the school setting. The principal may suspend a student for up to ten days.

During the time of the suspension, the student has a right to a minimum of two hours of instruction. When the suspension is complete, the student will be given a Reintegration Plan to provide the appropriate support services necessary for returning from suspension to maximize his/her ability to meet the academic and social standards within the school community. These support services may include a referral for a functional behavioral assessment or a combination of social-emotional and academic services as best meets the needs of the individual student.

### **Alternate Instruction and Reintegration Plans**

Students removed from school for disciplinary reasons will be given all classroom assignments and an opportunity to make up tests missed during the period of suspension. The School will provide alternate instruction so that the student is given the full opportunity to complete assignments, tests, and quizzes given on the days that the suspension is in effect along with direct instruction. A student serving an In-School Suspension gets a full day of instruction in an alternate location from his/her regular classes. A student serving an Out-of-School Suspension will receive a minimum of 2 hours of instruction each day during the period of suspension. Arrangements for Alternate Instruction will be made on an individual basis and may include phone assistance, computer instruction, and/or home visits. One-on-one or small group tutoring may be arranged within the school or at a specified location. Reintegration Plans outline the positive contributions the student and staff will make in an effort to reintegrate the student into the school community. The student and his/her parent/guardian are invited to be part of co-creating this plan.

### **Long-term Suspensions (More than 10 days) and Expulsions**

Before a student is excluded from school for more than ten days, the student will have an opportunity to present evidence on his or her own behalf at a formal disciplinary hearing before a Hearing Officer. The Hearing Officer will generally be an administrator from the New Visions network of schools or a staff member from another New Visions charter school who has not been involved in the conduct that is the subject of the hearing. The student has the right to be represented by counsel or an advocate. After a Hearing Officer is appointed, a representative of the Hearing Officer will contact the parent/guardian to schedule the hearing and answer any questions about the hearing process. If the student has an IEP, the Principal will also refer the student to the Committee on Special Education (CSE) for a Manifestation Determination Review (MDR). The purpose of the MDR is to determine whether the conduct that is the subject of the hearing is closely related to the student's need for special education.

At the hearing, the School will present evidence and witnesses to support the charges that are being reviewed at the hearing and, if the charges are substantiated, will also make a recommendation with respect to consequences. The student will have the right to be accompanied and be represented by a parent and/or an advocate or counsel and will have the opportunity to present evidence and witnesses, as well as to cross-examine any of the school's witnesses. The Hearing Officer will first determine, based on the evidence presented, whether or not the student is guilty of the charges. If the student is found guilty, the Hearing Officer will have an opportunity to review the student's academic and disciplinary record, and the parents and student will have an opportunity to present additional information which may be relevant to the disposition. The hearing officer will make a recommendation regarding the penalty.

If the behavior that is the subject of the Disciplinary Hearing was a Level 3, 4, or 5 violation, as categorized in the Code of Conduct, the Hearing Officer, following review of the student's disciplinary record and after hearing any mitigating information presented by the student and parent, may recommend that the student be expelled. If, however, the Hearing Officer makes a penalty recommendation for expulsion, the decision of the Hearing Officer will automatically be referred for review to the Board of Trustees which will act as an appeals body in all cases in which expulsion is recommended. The Board of Trustees will review the record of the hearing and will also provide the parent and student with an opportunity to present a written statement. The determination of the Board of Trustees will be final.

Any other determinations of the Hearing Officer can be also be appealed by parents or guardians to the Board of Trustees by using the Complaint Procedures described in this Handbook and providing notice of the intent to appeal within two weeks of the Hearing Officer's decision.

If a parent or guardian is not satisfied with the decision made by the Board of Trustees, a further complaint may be made to the Regents of the University of New York, Charter Schools Office, NYS Education Department, 89 Washington Ave, Albany, New York 12234, or by email to [charterschools@nysed.gov](mailto:charterschools@nysed.gov).

### **Students with Disabilities**

Students with disabilities have the same rights and responsibilities as other students and may receive consequences for the same misbehaviors. However, in addition to the procedural protections accorded all students in disciplinary matters, students with disabilities have additional protections guaranteed by federal and state laws.

#### Protections for Students with Individualized Education Programs (IEPs)

If a student with an IEP is charged with a violation of the Code of Conduct that may result in a long-term suspension (more than ten days) or a short-term suspension which brings the total number of suspension days for the student to more than ten during the school year, HUM will refer the student to the Committee on Special Education (CSE) for a Manifestation Determination Review (MDR). The MDR will take place after the suspension hearing (if the student is found responsible for the conduct which is the subject of the hearing) or immediately after the tenth suspension day in a series of short term suspensions.

#### Protections for Children Not Yet Eligible for Special Education and Related Services

A student who does not have an IEP may claim any of the protections given under federal law to students with disabilities. The School will refer a Student to the CSE for an MDR, if, before the behavior that led to the disciplinary proceeding occurred, the parent of the student had requested that the student be evaluated or expressed concern about the student's possible need for special education services, or if School officials had expressed concerns about the student's pattern of behavior.

#### Protections for Students Who Receive 504 Accommodations

A student who receives 504 accommodations for an educational disability is also entitled to additional protections in disciplinary proceedings. The Section 504 Team within the School will review the student's evaluations and Section 504 plan and will determine whether or not the conduct which is the subject of the disciplinary proceeding is a manifestation of the student's disability.

## Consequences of Manifestation Determination Review

If the CSE's MDR Team or the School's 504 Team finds that there is a connection between the student's disability and the behavior that is the subject of the disciplinary proceedings the student will return to class, and the School and the CSE or Section 504 Team will work together with the student and his/her parents to develop a plan to address the behavior within the school or in another setting.

If, upon review, the CSE's MDR team or the School's Section 504 Team determines that the student's conduct was not a result of his/her disability, then the student may be disciplined in the same manner as a student without a disability. Parents may request an impartial review to challenge the CSE's manifestation determination. The student will remain in his/her current educational placement while the hearing is pending except under the following circumstances:

*A student with an IEP may be removed from school for up to forty-five days, whether or not the conduct is a manifestation of the student's disability, if a hearing officer finds that the student violated the Code of Conduct by bringing drugs or a weapon on to school property or by inflicting a serious bodily injury on another person. The student is then provided with educational services in an interim (temporary) alternative educational setting that is arranged in cooperation with the CSE.*

If a parent/guardian requests a hearing or an appeal to challenge the CSE's recommendation for an interim alternative educational setting or its manifestation determination, the child remains in the temporary alternative educational setting until the decision has been made by an Impartial Hearing Officer appointed by the New York City Department of Education, or until the time period for the suspension expires, whichever happens first, unless the parent and school agree otherwise.

## Committee on Special Education (CSE) Meetings

HUM will refer students with disability to the CSE for consideration of a Functional Behavioral Assessment (FBA) or a Behavioral Intervention Plan (BIP) if the student's conduct is subject to disciplinary procedures and a determination has been made by the CSE that the conduct was a manifestation of disability. Referrals may also be made for consideration of an FBA or BIP to address behavioral concerns.

## **Special Rules Relating to Dignity for All Students Act (DASA)**

New Visions Charter High School for the Humanities is committed to creating and maintaining a safe and supportive environment. Acts of bullying and harassment which create a hostile school environment are prohibited in a number of provisions of our Code of Conduct, including 1.1, 1.2, 2.2, 3.1 and 3.2. Students who violate these code provisions are subject to the disciplinary procedures described in this policy.

The School has, in addition, adopted special rules and procedures for responding to conduct that creates a hostile school environment. The goal of these additional procedures is to encourage a climate of civility and to prevent future violations of our rules relating to bullying and discrimination.

Additional Dignity Act (DASA) measures include the following:

- At the beginning of each school year we remind our students about the importance of respecting each other, being polite and maintaining a civil environment. We explain that bullying and harassment based on differences (including but not limited to differences in race, ethnicity, religion, gender, physical

appearance and disabilities) are hurtful and can be considered “discrimination” under the law and our Code of Conduct.

- Students are reminded that harassment, bullying (including cyberbullying) and discrimination are violations of our Code of Conduct whether they occur on school property, traveling to and from school, at a bus stop used by students, at any school function, including any school-sponsored activity, or even away from school property if electronic communication is used to exchange words or pictures that have the effect of bullying or harassing a fellow scholar.
- The School annually appoints a Dignity Act Coordinator (DAC) who is trained to handle disputes between students or between students and school employees that involve race, color, weight, national origin, gender, disability and all of the other areas of difference that are covered in our Code of Conduct. The school’s Director of School Operations (DSO) serves as the Dignity Act Coordinator. The DSO’s name and contact information is communicated annually in this Handbook. Students and Parents are encouraged to call the DAC to report instances of bullying or discrimination.

Dignity Act Coordinator:

Kermit Patterson  
Director of School Operations  
Telephone Number: 718-817-7686  
E Mail: [kpatterson23@charter.newvisions.org](mailto:kpatterson23@charter.newvisions.org)

- School employees who witness harassment, bullying, discrimination or any conduct that would have the effect of ridiculing or demeaning another person will take prompt action to de-escalate the situation. They will also notify the Principal orally of such acts within one day of their occurrence and file a written report summarizing what they have seen or has been reported.
- The Principal shall arrange for a thorough investigation of any report of bullying, harassment or discrimination or any conduct that has the purpose or effect of ridiculing, humiliating, or demeaning another person. The DAC will complete the investigation and report to the Principal.
- Upon receipt of a report of a material incident of harassment, bullying and/or discrimination, the Principal shall take prompt action to intervene, including the following:
  - a. Initiate disciplinary proceedings, as above, and/or engage the student who has done the bullying in a reflective activity such as writing a statement about the misbehavior and how it might affect others

- b. Provide supportive intervention and mediation to assist in conflict resolution
  - c. Assign an adult mentor to the student who has been bullied and to the student who was responsible for the conduct
  - d. Encourage class discussions or school-wide meetings to re-emphasize behavioral expectations.
  - e. Refer students who have been victims of bullying to counseling within the school. Notify parents of all students involved.
- Retaliation against any student or teacher who reports or assists in the investigation of harassment, bullying or discrimination is strictly prohibited and will be subject to disciplinary measures.

### **Search and Seizure**

School authorities have legal authority to search a student or the student's desk, book bag, lockers, or cubbies when there is reasonable suspicion to believe that a student is in the possession of an item which is forbidden on school property or which may be used to disrupt or interfere with the education process and the student does not voluntarily remove the objects upon request.

Searches are conducted under the authorization of the Principal or someone appointed by the Principal. Items which are prohibited on school property, or which may be used to disrupt or interfere with the educational process may be removed from students' desks, book bag, lockers, cubbies, and from the student by school authorities.

### The New Visions Charter High School Code of Conduct, Rights, and Responsibilities

The rules in the Code of Conduct apply to student behavior in school during school hours, but also before and after school while on school property, while traveling to and from school, in school activities, at all school-sponsored events and on other than school property when such behavior negatively affects the educational process or endangers the health, safety, or welfare of the school community. ## IX. ACADEMICS

New Visions Charter High Schools are organized to accelerate growth from the individual skill level of the student towards meeting diploma requirements at a developmentally appropriate pace. We use a trimester system, meaning we have three terms within a single school year, along with an extended school day to increase the opportunity for students to gain credits, pass Regents exams, and demonstrate mastery within their first years of high school. This design frees time at the end of high school for a number of post-secondary opportunities, including Upper House, where students receive field options and advanced courses to prepare for life, college, and a career.

All of our courses emphasize reading, writing, speaking and listening skills. All courses are challenge-based, meaning students seek answers to important questions and apply what they learn to real-life situations. In every class, students will ask questions, conduct research, produce original work, and defend their work in public presentations.

### **Progressing towards Graduation**

The New Visions Charter High School for the Humanities’ four-year program is designed to provide the academic

foundation, lifelong learning habits and critical thinking skills required for students to be successful in college. Students at HUM have opportunities to earn far more than the credits required by the State for high school graduation. We understand that students may need more time to be college-ready so we provide a longer school day that allows for more instructional time and more preparation. All courses last a minimum of 53 minutes, with dedicated time for targeted instruction and skill building. Our academic day runs from 8:23 a.m. until 3:52 p.m. on Monday, Tuesday and Thursday. The academic day runs from 8:23 a.m. until 2:40 p.m. on Wednesdays and Fridays.

The school monitors every student’s course grades and standardized test results to ensure that students are progressing toward graduation. If needed and at designated times throughout the year, additional support is provided during after-school enrichment classes and/or on Saturdays to accelerate students’ mastery of content so that they remain on-track toward graduation.

### **College and Career and Postsecondary Readiness**

We work to ensure that by the time your child graduates he/she will engage in a set of experiences preparing them for postsecondary success. Experiences may include internships, service learning, community service, job shadowing, career exploration, and mentorships. Underwriting all of these experiences is the academic commitment to ensuring your child is prepared to meet the CUNY non-remediation benchmarks in English and mathematics.

### **Graduation Requirements**

Qualifying for a New Visions Charter High School diploma requires 44 total credits and 5 Regents exams passed at or above a score of 65. Compensatory regulations apply for students with an Individualized Education Plan (IEP). A course specific breakdown of these 44 credits can be found in the table below:

<b>Graduation Credits</b> Total Required: 44	<b>Regents Exams</b> Total Required: 5

### Grading Policy

Students are graded in two ways:

- Grades are determined by how well students show that they have mastered the class content and skills through tests, quizzes, classroom activities, homework and long-term projects. This is reflected in the teacher’s grade book which students and parents are able to check regularly on-line.
- In addition, throughout high school, student writing is judged using a scoring guide based on national standards for high school students. By the end of the 10<sup>th</sup> Grade, we expect student’s writing to have improved enough that he/she is able to meet all 10<sup>th</sup> Grade writing standards. If not, students may need extra work before they advance to the 11<sup>th</sup> Grade. In 11<sup>th</sup> and 12<sup>th</sup> Grade, we track student’s progress towards meeting graduation requirements for writing.

## X. STUDENT SERVICES

### Food Service

Our school offers breakfast, lunch, and snack for any extended-day programs after 4:30 pm.

### Lunch Forms

Our school offers breakfast, lunch, and snack for any extended-day programs after 4:30 pm. Scholars will have to enter their student ID number as part of accountability. HUM covers the cost of food service. As part of our accountability, ALL parents/guardians are required to submit School Lunch Forms every year. When this form arrives home, please fill it out immediately and return it to the Main Office even if your child does not participate in the breakfast or lunch program. Please read the instructions carefully and call the school if you have any questions about the form. You can also complete this form online at [www.applyforlunch.com/application](http://www.applyforlunch.com/application).

### Lunch Policy

Lunch takes place in the Cafeteria on the 2nd Floor. Students are expected to use the designated stairwell to travel to the cafeteria. Students are not allowed to leave the building during their assigned lunch period. Students may bring their lunch with them and eat it in the cafeteria, however, students will not have access to a

refrigerator or microwave.

### **Transportation**

HUM will provide a Student MetroCard to each student who is eligible based on the distance between the student's residence and the school. Not all students will qualify for a Student MetroCard. Students may qualify for full-fare or half-fare MetroCard. Students who receive half-fare MetroCards are responsible for paying of half of the fare directly to the bus or subway in cash or with a Pay-per-ride MetroCard. Student MetroCards will be distributed once in September and once in January. This card is the sole responsibility of the student to maintain. If this card is lost or stolen, it must be immediately reported to the Main Office. Busing will only be provided for students who have busing mandated by their Individualized Education Plan (IEP).

## **XI. HEALTH AND SAFETY**

### **Emergency Forms**

Please ensure that you have completed and submitted an updated emergency form with correct contact numbers. THESE FORMS ARE USED TO CONFIRM AUTHORITY DURING EMERGENCIES; INFORMATION SHOULD BE CURRENT AT ALL TIMES. Parents should inform us immediately if telephone numbers or other contact information on the student's emergency form changes. The information on this form is vital for the safety and well being of your child.

### **Students with Medical/Mental Health Conditions Who Require Special Accommodations**

Students with medical and/or mental health conditions who require special accommodations should have a 504 Form completed by their medical provider. Every year, this form needs to be updated by the child's medical provider and placed on file at the school in the student's health record. This ensures that it makes the appropriate adjustments necessary to obey all federal laws concerning the education of students with 504-related needs.

### **Student Illness at School**

If a student becomes ill during the day, the student should inform a teacher that he/she is not feeling well. If the staff determines that the student is too ill to remain in the class, the student is escorted to the School Nurse in Room E290, and the parent is informed by the School Nurse or HUM staff. If a student is not seriously ill, the Nurse will ask him/her to rest for a short time before returning to class. If a student is seriously ill or injured, the School Nurse or HUM staff will contact 911 and the parents. An HUM staff member will travel with the student with EMS in loco parentis until a parent/guardian arrives at the designated hospital. EMS will determine the hospital and parents will be notified accordingly.

### **Medication**

If your child takes prescription medication that must be given during the school day, the medication must be accompanied by a physician's order and delivered by a parent or a legal guardian to the designated supervising adult in the original container dispensed by a registered pharmacy. Students may self medicate when there is physician and parent approval documented on the Medication Administration Form (MAF).

Parents are also asked to complete a Medication Administration Form (MAF) if they wish to authorize their child to self-administer over-the-counter medications, such as an allergy medication, during the school day. Students should not carry more than a single dose as recommended by the student's physician. The sharing of any medications with other students during the school day is strictly prohibited. Medications in excess of the dose

needed for the day will be confiscated. Medication to be taken on an “as needed” basis must remain in a properly labeled pharmacy container and in a locked medication cabinet in the possession of a supervising adult. Students must delivery such medication to this person at the start of the school day.

All self-medication must be supervised. Supervision will be arranged by the Principal. If your child does not meet New York State Education Department standards for self-medication, arrangements will be made for administration of medication by an appropriately licensed professional. Those students requiring use of inhalers or Epinephrine (Epi-Pen) must make sure to clearly outline and authorize such use as outlined on the MAF. Each year, the MAF must be updated, signed by the parent/guardian and the student’s medical provider, and filed in the student’s health record at the school.

### **Prevention of Child Abuse and Neglect**

According to New York State Law, school officials and licensed or certified staff are mandated reporters of suspected child abuse or maltreatment. Reporting is required if the victim is under the age of 18, and the subject of the report is a parent or other person (18 or older) who is legally responsible for the child’s care. A mandated reporter, together with the Assistant Principal (if such person is available) will report such suspicion to the New York Statewide Central Register of Child Abuse and Maltreatment (SCR). The hotline number for making this report is 1-800-342-3720. Within 48 hours of the oral report, the School will file a written report on Form LDSS-2221A which can be obtained at [www.ocfs.state.ny.us](http://www.ocfs.state.ny.us).

School staff members will also report any allegation of child abuse in the School setting to the Principal of HUM, or, if the Principal is not available, the Assistant Principal. A written report of the allegation is provided on a form to be provided by the Principal. Following investigation, the Principal, or designee, will notify the Office of Special Investigations (OSI) of the New York City Department of Education (718-935-3800) and the Office of the Special Commissioner of Investigation (SCI) for the New York City School System (212 510-1400).

Allegations of corporal punishment, including verbal abuse of a student, by a staff member are reported to the Principal and, following investigation, to OSI (718-935-3800).

### **Emergencies, Drills, and Evacuations**

In accordance with state and city regulations, HUM participates in regularly scheduled fire and evacuation drills. These drills are coordinated with The John F Kennedy High School Complex Schools. In case of a fire or other emergency that requires an evacuation, our primary evacuation site is:

P.S. 310  
260 W Kingsbridge Road.  
Bronx, NY 10463  
Telephone: 718-796-9434

Every member of the staff is adequately trained and prepared to best handle emergency situations and to notify families.

If a concern about discrimination cannot be resolved informally with the Coordinator, any individual may submit a written complaint which is promptly investigated. The Coordinator then prepares a report of her findings, and, if appropriate, remedial action is taken. An appeal from the Coordinator's report can be made to the Board of Trustees.

### **COMPLAINT POLICY**

Section 2855 (4) of the NYS Charter Schools Act provides that a parent or any other individual, entity or group may bring a complaint to the Board of Trustees alleging that a charter school has **violated a term of its charter, the New York Charter Schools Act , or any other law relating to the management or operation of the charter school.**

Complaints to the Board of Trustees should be in writing and should include a detailed statement of the complaint, including the names of the individuals involved and what provision of the School's charter or the law that you believe has been violated. The complaint should also state what response has been received from the School thus far and what specific action or relief you are seeking. It must also include the name, address and phone number of the complainant. The Board of Trustees will take steps to investigate the complaint, will provide an opportunity for the complainant to address the Board at the next scheduled Board meeting and will provide a response within thirty days of receiving the formal written complaint.

Complaints that are not about a violation of a specific law, and any other complaint that can be resolved at the School level should be submitted directly to the Principal. Upon receipt of the complaint, the Principal will investigate the allegations and will respond in writing or in person within ten business days. If this does not resolve the complaint, the individual or group may submit the complaint, in writing, to the Secretary of the Board of Trustees which will act as an appeals body for any complaints that are not satisfactorily resolved by the Principal. The Board will also review directly any complaints that involve the Principal.

Complaints to the Principal may be delivered to the Principal by mail or email to the following address:

### **Disability Accommodations**

Parental requests for accommodations for students based on disability must be submitted in writing to Kermit Patterson, Coordinator for Section 504. A form for such request may be obtained from the Coordinator. Supporting documents from the student's physician or another qualified health professional must be provided. If the Coordinator has questions about the nature of the disability or the need for accommodations, parents are invited to a team review which will include persons knowledgeable about the student, about the meaning of the information in the supporting evaluations or reports, and about the options for accommodation in the school. Parents have the right to impartial review with respect to any decision of the review team that involves the identification, evaluation or placement of a student with a disability.

### **Access To Information**

**FERPA Policy:** The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a

Federal law that protects the privacy of student education records. The law applies to all schools that are recipients of Federal funds.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest,
  - Other schools to which a student is transferring,
  - Specified officials for audit or evaluation purposes,
  - Appropriate parties in connection with financial aid to a student,
  - Organizations conducting certain studies for or on behalf of the school,
  - Accrediting organizations,
  - To comply with a judicial order or lawfully issued subpoena,
  - Appropriate officials in cases of health and safety emergencies, and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

The New Visions Charter High School for the Humanities may disclose the following "directory information" without the prior written consent which is otherwise required for release of education records: **student's name, participation in a school activity or sports team, honors and awards, and dates of attendance.**

In addition, Federal law now requires schools to provide military recruiters, upon request, with three categories of directory information about high school juniors and seniors – names, addresses and telephone numbers. The school must provide this information unless parents or eligible students advise the school in writing that they do not wish this information to be released without prior written consent.

You may request that directory information not be released either to military recruiters or for any purpose by notifying the school prior to October 1, 2017. Notice should be provided in writing to Lilly Lopez, Assistant Principal of Special Education.

Complaints or questions with respect to the School's FERPA Policy may be addressed to:

### **Acceptable Internet Use Policy**

**Preamble:** The New Visions High School for the Humanities believes that technology and the use of computers

must be an integral part of students' high school education and is essential to prepare them for success in college and in the workplace. Our vision for technology includes building a learning environment where technology is integrated into every subject area in every classroom and all students have equitable access to computers. Infusing technology into the classroom environment, together with ongoing staff training, is critical in preparing students for the challenges awaiting them.

The New Visions Charter High School for the Humanities has, with minor modifications, adopted the Internet use policy of the New York City Department of Education. The main components of the HUM Internet use policy are summarized here. The complete Internet use policy has been adopted, with permission and with minor modifications from the NYCDOE. It is HUM's policy to:

- Prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications,
- Prevent unauthorized access and other unlawful online activity,
- Prevent unauthorized online disclosure, use, or dissemination of personal identification information, and
- Comply with the Children's Internet Protection Act.

**Access to Inappropriate Material:** Internet filters are used to block or filter access to inappropriate information on the Internet, or other forms of electronic communications. Specifically, visual depictions of material deemed obscene, child pornography or any material deemed harmful to minors is blocked.

**Inappropriate Network Usage:** Steps are taken to promote the safety and security of users of our school's online computer network when using electronic mail, chat rooms, instant messaging and other forms of direct electronic communications.

Prevention of inappropriate network usage includes:

- Unauthorized access, including 'hacking' and other unlawful activities
- Unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

**Supervision and Monitoring:** All members of the school staff are responsible for supervising and monitoring usage of the online computer network and access to the Internet in accordance with this policy and the Children's Internet Protection Act.

**Adoption:** The New Visions Charter High School for the Humanities Board will adopt the Internet Safety Policy at a public meeting, following formal public notice.

**Parental Notification and Responsibility:** As appropriate, the school will provide students and parents with guidelines and instructions for student safety while using the Internet. The school Internet Acceptable Use Policy contains restrictions on accessing inappropriate material and student use generally is supervised. However, there is a wide range of material available on the Internet, some of which may or may not fit the particular values of the students. It is not practically possible for the school to monitor and enforce a wide range of social values in student use of the Internet. Further, the school recognizes that parents bear primary responsibility for transmitting their particular set of family values to their children. The school will encourage parents to specify to their child(ren) what material is and is not acceptable for their child(ren) to access through the school system.

**General Principles of Access:** The New Visions Charter High School for the Humanities is obtaining access to the Internet, including access to e-mail, for its employees, students, and guests. Guests include but are not limited to parents, substitute teachers, temporary employees, parent volunteers and other school volunteers. Internet access and the use of e-mail through the use of the school's system are limited to use for educational purposes. The term "educational purpose" includes use of the system by students and their parents for learning activities both in school and at home, employee professional or career development, communication between teachers, students and their parents and the facilitation of information-sharing between teachers and administrators throughout the New Visions Charter High School network. If any user has a question about whether proposed Internet use is consistent with the school's educational purpose, goals, and mission, s/he should consult with the appropriate supervisor, principal, teacher, etc.

This Internet Acceptable Use Policy governs all electronic activity, including e-mail and access to the Internet, which is undertaken by New Visions employees, school employees, students, and parents/guardians either in their official capacity or as part of the educational, instructional or extracurricular programs connected to the school. No employee, student, or parent/guardian may engage in activities prohibited by this policy, whether through the school's Internet service or through another Internet Service Provider, when those activities are undertaken either in their official capacity or as part of the educational, instructional, or extracurricular programs of the school.

As with other curricular offerings and tools, parents do not have a general right to opt their child out of classroom use of the Internet. As set forth more fully below however, parental consent is required with respect to certain aspects of Internet use (e.g., posting a child's photograph on a school web page). Parental consent is obtained at the time a student registers in the School. Parents moreover, are strongly encouraged to discuss and monitor their child's school Internet use and to discuss any issues or concerns that they may have with the school's teacher and administrators.

Student access to the Internet is governed by this policy, related regulations, and the student disciplinary code. Employee use is governed by this policy, related regulations, and employment policy. All use is in compliance with the acceptable use provisions of the Internet service provider.

The school reserves the right to terminate any user's access to the Internet, including access to e-mail, at any time and for any reason. The school reserves the right to monitor all Internet access, including all e-mail, through use of the school's system. The school specifically reserves the right to revoke access and/or take other appropriate disciplinary action, with respect to any user who violates this policy.

**System Responsibilities:** The Principal, or his/her designee, serves as the coordinator to oversee Internet access via use of school systems. The Principal, or his/her designee, is responsible for the dissemination of this Internet Acceptable Use Policy and works with school staff to enforce this policy.

In accordance with the Policy, the New Visions Technology Director or her school-based designee will be the Building-Level Coordinator for the internet and e-mail system. Users may contact the New Visions Technology Department with questions or comments about the Internet Acceptable Use Policy via the internal "Help Desk" system. The Building-Level Coordinator approves building-level activities, ensures teachers receive proper training in the use of the system and of this policy, establishes a system to ensure adequate supervision of students using the system, maintains executed user agreements if applicable and is responsible for interpreting the Internet Acceptable Use Policy at the building level. Although this Internet Acceptable Use Policy does not

require execution of user agreements by students or employees, the school may institute such a school-based requirement.

As set forth in more detail below, the Internet is equipped with internet filtering software. The New Visions Technology Director is responsible for reviewing all requests for modifying the Internet filtering software or for defiltering and will be responsible for assuring that filters are restored when the modification or de-filtering is no longer appropriate. HUM reserves the right to revise this Internet Acceptable Use Policy as it deems necessary and will post the current policy on its web site as notice to users of any revisions. Users are responsible for reading the policy regularly.

Students who require technical assistance with Internet access or e-mail should inform their teachers and other school staff should inform the New Visions Technology Department via the internal Help Desk ticketing system.

**Limitation of Liability:** The school makes no warranties of any kind, either expressed or implied, that the functions or the services provided by or through the system are error-free or without defect. The school is not responsible for any damage users may suffer, including but not limited to, loss of data or interruptions of service. The school is not responsible for the accuracy or quality of the information obtained through or stored on the system. The school is not responsible for financial obligations arising from a user's unauthorized use of the system.

Users will indemnify and hold the school harmless from any losses sustained by the school, as a result of intentional misuse of the system by user.

**Filtering:** The school has installed Internet filtering software in an attempt to block user access to inappropriate and/or harmful text on the Internet. The software works by scanning web site addresses, web site content, e-mail and other documents for objectionable words or concepts. Objectionable words and concepts are pre-determined by the school. When the software finds any such objectionable words or concepts, it denies the user access to them. Generally, levels of access go from the least restrictive level, which allows users access to the website or document that contains the word or concept, to the most restrictive level, which denies users access to the website or document that contains the word or concept. The New Visions Technology Director can be called on to offer assistance when filtering technology interferes with legitimate educational research.

The School has established a process for modifying the filter or for de-filtering Internet access for students when it is educationally appropriate. The New Visions Technology Director will review requests for modification of the filter. Where questions remain about whether the modification is needed or appropriate the Principal shall make the final decision. In certain instances, the question will be brought to the New Visions Charter Management Organization's Superintendent for Charter or the Board of Trustees. All determinations made at the School level may be reviewed by the Board of Trustees. The filter is set at a level restricting access to Internet sites that may contain information regarding crime, violence, sex acts, sex attire, sex/nudity, sex/personal, basic sex education, advanced sex education, sexuality, and sports.

### **Regulations of Access**

**Review of Access Privileges:** The school will cooperate fully with local, state, or federal officials in any lawful investigation concerning or relating to any illegal activities conducted through the system.

The school may revoke Internet access in its sole discretion. If a student's access is revoked, the school will

ensure that the student nonetheless continues to have a meaningful opportunity to participate in the educational program.

The Code of Conduct specifically prohibits violation of the School's Internet Policy and specifically prohibits use of the internet or social networking sites to bully or harass other students. Students should refer to the Code of Conduct for specific consequences of such Code violations. The Discipline Review Board will work with students who are subject to disciplinary procedures for violation of the Acceptable Internet Use Policy to assist the student in gaining the self-discipline necessary to behave appropriately on an electronic network. If the alleged violation also involves a violation of other provisions of the student disciplinary code, the violation is handled in accordance with the applicable provision of the code. Employee violations of the School Internet Acceptable Use Policy are handled by appropriate discipline.

**Privacy:** The School takes all steps necessary to minimize the risk of unauthorized disclosure of student record information or other personal information about students. All electronic systems containing student record information require passwords for access and the School has

established a system of permissions that limits access of information to authorized users who have a legitimate educational reason for the information.

At the time of student registration, parents or guardians sign a consent form that gives the School permission to use photographs of the student or student artwork or to use quotes, movies or video tapes of the student on its website, in connection with stage productions, athletic events, honors and awards, and so on. This information will not be used if the parent or guardian does not provide consent.

As part of its system of assuring the privacy of students and teachers, the school reserves the right to use "cookies" on its site. Cookies allow the school, among other things, to verify sites that a user has visited and information about the user's activities while online.

Except as otherwise provided in this Internet Acceptable Use Policy, the school will not use cookies to gather personal identifying information about any of its users. Personal identifying information includes, but is not limited to, names, home addresses, e-mail addresses and telephone numbers.

As required by the Children's Internet Protection Act (CIPA), the school will monitor students' online activities. Such monitoring may lead to discovery that the user has violated or may be violating, the school Internet Acceptable Use Policy, the student disciplinary code, or the law. The school also reserves the right to monitor other users (e.g., non students) online activities.

Users should be aware that their personal files may be reviewed by the School and may be discoverable in court and administrative proceedings and in accordance with public records laws. System users have no privacy expectation in the contents of their personal files and records of their online activity while on the school system.

**Selection of Material:** When using the Internet for class activities, teachers at The New Visions Charter High School for the Humanities take steps to:

- Select material that is appropriate in light of the age of the students and that is relevant to the course objectives.
- Preview the materials and sites they require students to access to determine the appropriateness of the material contained on or accessed through the site

- Provide guidelines and lists of resources to assist their students in channeling their research activities effectively and properly.
- Assist their students in developing the skills to ascertain the truthfulness of information, distinguish fact from opinion, and engage in discussions about controversial issues while demonstrating tolerance and respect for those who hold divergent views.
